MEDICAL DEVICES

STANDARDS

Kalam Institute of Health Technology

Table of Contents

1. INTRODUCTION

1.1 NEED FOR STANDARDS IN HEALTHCARE

1.2 FORMULATION OF STANDARDS

2. BUREAU OF INDIAN STANDARDS (BIS)

2.1 MEDICAL EQUIPMENT AND HOSPITAL PLANNING

2.2 ACTIVITIES OF BIS

2.3 LIST OF BIS STANDARDS

MHD - 01: Surgical Instruments

MHD - 02: Orthopaedic Instruments, Implants and Accessories

MHD - 03: Obstetric and Gynaecological Instruments and Appliances

MHD - 04: Ear, Nose and Throat Surgery Instruments

MHD - 05: Ophthalmic Instruments and Appliances

MHD - 06: Thoracic and Cardiovascular Surgery Instruments

MHD - 07: Neurosurgery Instruments Implants and Accessories

MHD - 08: Dentistry

MHD - 09: Artificial Limbs, Rehabilitation Appliances and Equipment for the Disabled

MHD - 10: Medical Laboratory Instruments

MHD - 11: Anaesthetic, Resuscitation and Allied Equipment

MHD - 12: Hospital Equipment and Surgical Disposal

MHD - 13: Veterinary Hospital Planning And Surgical Instruments

MHD - 14: Hospital Planning

MHD - 15: Electromedical Diagnostic Imaging and Radiotherapy equipment

MHD - 17: Health Informatics

MHD - 19: Biological Evaluation of invitro Diagnostic Medical Devices

MHD - 20: Medical Biotechnology and Nanotechnology

MHD - 21: Hospital Bio Medical Waste Management and Infection Control

MHD - 23: Anatomy and Forensic Sciences Equipment

3. INTERNATIONAL ORGANIZATION FOR STANDARDIZATION (ISO)

3.1 HISTORY OF ISO

3.2 PURPOSE OF ISO STANDARDS

3.3 INTERNATIONAL CLASSIFICATION FOR STANDARDS (ICS)

3.4 ISO/IEC STANDARDS - DEVELOPMENT PROCESS

3.5 PROJECT STAGES AND ABBREVIATIONS

3.6 LIST OF ISO STANDARDS

ICS 11.020 - Medical Sciences and Healthcare facilities in general

ICS 11.040 - Medical Equipment

ICS 11.060 - Dentistry

ICS 11.080 - Sterilization and Disinfection

ICS 11.100 - Laboratory Medicine

ICS 11.140 - Hospital equipment

ICS 11.160 - First aid

ICS 11.180 - Aids for disabled or handicapped persons

ICS 11.200 - Birth Control, Mechanical Contraceptives

4. INTERNATIONAL ELECTROTECHNICAL COMMISSION (IEC)

4.1 INTRODUCTION

4.2 IEC 60601 SERIES OF STANDARDS

4.3 LIST OF STANDARDS IN IEC

5. AMERICAN SOCIETY FOR TESTING AND MATERIALS (ASTM)

5.1 NEED FOR ASTM STANDARDS

5.2 ASTM IN HEALTHCARE

5.3 AREAS WHERE ASTM STANDARDS ARE APPLICABLE

5.4 ASTM IN AREAS OF MEDICAL FIELD

5.5 COMMITTEE ON F04 ON MEDICAL AND SURGICAL MATERIALS AND DEVICES. 159

5.6 LIST OF STANDARDS IN ASTM

F.04.11 Polymeric Materials

F04.12 Metallurgical Materials

F04.13 Ceramic Materials

F04.15 Material Test Methods

F04.16 Biocompatibility Test Methods

F04.21 Osteosynthesis

F04.22 Arthroplasty

F04.25 Spinal Devices

F04.30 Cardiovascular Standards

F04.31 Neurosurgical Standards

F04.32 Plastic and Reconstructive Surgery

F04.33 Medical/ Surgical Instruments

F04.34 Urological Materials & Devices

F04.35 GI Application

F04.37 Implantable Hearing Device

F04.38 Computer Assisted Orthopaedic Surgical System

F04.41 Classification and Terminology for Temps

F04.42 Biomaterial & Biomolecules for Temps

F04.43 Cells & Tissue Engineered Constructs for Temps

F04.44 Assessment for Temps

F04.46 Cell Signalling
