

The Kalam Institute of Health Technology (KIHT), located at AMTZ Campus, Pragati Maidan, VM Steel Project SO, Visakhapatnam-530031, is inviting applications for vacant positions. Interested candidates can submit their CVs to hr@kiht.in before January 4th, 2024.

Fellow/Consultant – DevOps Engineer

Qualifications:

1. Bachelor's degree in Computer Science, Information Technology, or a related field.
2. Proven experience of 2 years as a DevOps Engineer or in a similar role.

Eligibility:

1. Solid understanding of cloud computing platforms.
2. Proficiency in scripting languages (e.g., Shell, Python).
3. Experience with containerization and orchestration tools e.g., Docker
4. Strong knowledge of CI/CD tools (e.g., Jenkins, GitLab CI).
5. Familiarity with infrastructure as code (IaC) tools (e.g., Terraform, Ansible).
6. Collaborate with cross-functional teams to understand application requirements and infrastructure needs.
7. Communicate effectively with team members, providing technical guidance and support.
8. Implement and maintain security best practices throughout the infrastructure.
9. Conduct regular security audits and implement necessary measures to protect the system.
10. Knowledge of monitoring and logging tools (e.g., Prometheus, Grafana).
11. Understanding of networking concepts and security best practices.
12. Excellent problem-solving and communication skills.
13. Ability to work in a fast-paced, collaborative environment.
14. Knowledge of database management systems (e.g., MySQL, PostgreSQL, MongoDB).
15. Experience with micro services architecture.
16. Familiarity with agile development methodologies.
